COMFORT AND POSITIONING

Harmony

patient care recliner

Optional Silvertex vinyl containing silver nitrate*
Available in several colours, it is an ideal material
to help combat the spread of infections

* Silver nitrate is recognized for its antibacterial properties

Removable high resilience foam cushions
for easy cleaning and superior comfort

Three swivel wheels with brakes and
a front right directional wheel

Ergonomic, Attractive and Sturdy

Upper backrest with push bar
(helps the caregiver
tilt the chair)

Seat tilting system allows
the occupant to push back
and recline easily

The ideal combination of comfort and function

Providing height adjustability, versatility and excellent value, the Harmony patient care recliner can be used for taking blood samples, specific treatments, general care and prolonged sitting. It is suitable for both short and long-term care establishments.
