COMFORT AND POSITIONING

Optimum

positioning tilt-in-space chair

Contoured articulated headrest (code AB-14)
for better head and neck support
and alignment

PRE-CURE® seat cushion composed
of high resilience foam
and visco gel memory foam

This cushion is standard and is designed
to help prevent pressure ulcers

Adjustable elbow supports
(code AB-13)

Removable backrest
upper section with
adjustable side wings
(code AB-17)
Comfortable, safe
and ideal for resting

Gas-cylinder assisted tilt,
backrest reclining and elevating
leg and foot rest

The backrest cylinder is
equipped with an adjustable
blocking ring to limit reclining
between 102° and 145°

Mobility Group 24" wheels
(code 1P-02)

Backrest is built
on elastic bands
for exceptional comfort

A solution for prolonged sitting...

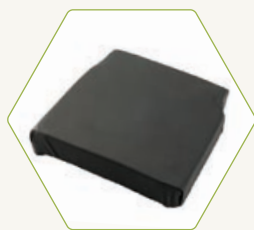

- + Improves user comfort as the best alternative between a bed and an armchair.
- + Meets the patient's positioning needs.
- + Ensures safe transfers both independently and with the help of a patient lift.
- + Makes it easier for caregivers to reduce the risk of accidents at work.
- + Reduces patient care costs.
